Product Summary

Pelle - an homage to Scandinavian classics. The special thing about Pelle: Its freely hanging seat made from core leather.

Product Description

Pelle - an homage to Scandinavian classics. The special thing about Pelle: Its freely hanging seat made from core leather. It is also refined in the leather-bound aluminium inlay used for the shaping of the seat.

This solution stabilises the chair without taking the flexibility of leather away from it. In design terms, the merging back and arm rest is its stand-out feature.
